After negotiation with Safer Services we propose the court award and allow Judge Taylor to sign a contract for our new outdoor warning siren system to Safer Services for an amount of 1,935,776.51 and an annual maintenance cost of 52,000.00. This project will allow us to obtain the same coverage area as we have today with a reduced number of sirens. Allowing us to reduce future cost and protect the citizens of Madison County. This system exists to support the alert and warning needs to the CSEPP mission. In the event we need to make citizens aware of a dangerous situation and they are outside of their home, away from the TV, Radio and other electronics we can quickly alert them. This project is fully funded and maintain by the CSEPP program.
