

MADISON COUNTY FISCAL COURT
MADISON COUNTY, KY
RESOLUTION 2021-11

A RESOLUTION APPROVING AN ANNUAL NOTIFICATION REQUIREMENT FOR FMC
BEREA AND MADISON COUNTY EMERGENCY MANAGEMENT AGENCY

WHEREAS, the Madison County Emergency Management Agency recognizes that, given an emergency disruption of service, the Madison County Emergency Management Agency will be assisting in providing special assistance as available and applicable for the Fresenius Medical Care FMC in Berea; and

WHEREAS, the Madison County Emergency Management Agency will work to provide priority as available and applicable, assistance via power restoration, communications, security, supplies, water, fuel, sand bags, and occasionally transport which is attached hereto this Resolution.

NOW, THEREFORE, BE IT RESOLVED THAT THE FISCAL COURT DOES HEREBY APPROVE THIS RESOLUTION AND AUTHORIZES THE JUDGE EXECUTIVE TO EXECUTE SAME ON BEHALF OF THE COUNTY.

Motion made by John Tudor, seconded by Tom Botkin.

OPERATIONS CENTER Richmond, Kentucky 40422

Re: **Annual Notification Requirement – Local Emergency Operations Center**
Dear. :

Recent changes to the federal Medicare regulations governing the operations of dialysis facilities (CMS § 494.62 CfC Emergency Preparedness of the Federal Regulations, “Conditions for Coverage for Suppliers of End Stage Renal Disease Services”) require Medicare certified dialysis facilities to establish initial and ongoing annual communication with the local Emergency Operations Center (EOC). I would like the opportunity to meet with you to determine how our team at FKC Berea located at 509 Richmond Rd N can work together with your organization during a disaster. We provide service for approximately **41** ESRD patients with incenter hemodialysis; we also provide support services for 0 patients who perform home dialysis.

Our facility has an Emergency Plan and staff is trained and drills performed to prepare for emergency disruption of service. Our facility is equipped with any emergency W/ Automatic Transfer Switch (ATS) to connect to a mobile generator. We have contracts OR supply arrangements with local water supply companies to provide tanker water if needed. We also have back up agreements with other nearby clinics to serve out patients if we cannot operate.

Clearly our interest is to be able to continue to provide life sustaining dialysis and support services to our patients. This letter is to advise that in the event our resources are exhausted, we ask to be given priority for assistance with commercial power restoration, assistance with communications, security, supplies, obtaining water or fuel, sand bags and in severe situations with arranging transportation for staff and patients. We also would like to participate in any community wide drills that coordinated through your center.

Should you have questions, please feel free to contact me at (859) 404-3822. In order to comply with Federal regulations, we request that you sign below to document the local EOC’s receipt and understanding of this communication.

Sincerely,
James Ball
Central Ky. Area Technical Operations Manager
