RES3 PG722

As stated in our Request for Proposal (RFP)

Section 2.6 – Corrections, Modifications, or Withdrawal of Proposals – After opening of the proposal responses, a Respondent may not correct, modify, or withdraw the price or any other provision of its response in a manner prejudicial to the interests of the County or fair competition without prior written approval from the County. The County may waive minor informalities or allow the Respondent to correct them.

The minor informalities are being waived due to substantial savings compared to the other two bid quotes received. They consisted of an \$8.99 shipping & handling fee not being included in the Grand Total of the bid quote, as well as the exclusion of two electronic copies that should have been included with the four hard copies of the bid quote received. We e-mailed a written request to Show Me Cables for clarification on the informalities no later than Monday, November 7, 2022 which was received.

Show me cables decided to forego the \$8.99 shipping and handling on the original bid quote. The decision to waive these minor informalities did not affect the Fiscal Court's decision to move forward with this bid quote and award it to Show Me Cables.
