Your written cost estimate must be attached to this application. The anticipated cost to alter is extremely important in the allocation of grant funds. The ACAB strongly encourages the applicant to seek out the best terms possible and award amounts will be based in part on costs.

THIS IS A MATCHING GRANT.

Spay/Neuter grant will be ranked on the percent of matching funds of the applicant as a criteria for reward. While the maximum award amount is \$3,000, the applicants will be ranked and evaluated based on the matching dollars they provide. For example: County A will match 500 dollars of the grant while County B will match \$3,000 dollars of the grant. County B will be ranked above County A for this criteria.

This is a change from grants administered in past years. The 2022 grants are only offered to governmental entities. Governmental entities may partner with non-profits to obtain the best use of resources.
