At the request of the Road Supervisor, Scott Shepherd, I have inspected Cherokee Lane and Kavanaugh Lane. It is my opinion that there is not a public need being served by these roads. Further, there is no evidence that either road is necessary for anything other than private use for the landowners, and I do not see any inconveniences or problems from removing these roads for County maintenance.

Sincerely,

I have inspected the following roads that are being recommended to be discontinued from county maintenance:

- Kavanaugh Lane
- Cherokee Lane

After inspecting these roads, I do not see a public need being served by these roads. There is no evidence that the roads are necessary for anything besides private use for the landowners.

I do not see any inconvenience or problem from removing these roads from County maintenance, as the County has not maintained the roads in several years.

Sincerely,

After having assessed the following, it is my recommendation to discontinue maintenance, as the roads do not serve a public need and are only necessary for the private use of the landowners. Further, the County has not maintained these roads for several years.

1. Cherokee Lane
2. Kavanaugh Lane

Sincerely,

Scott Shepherd
